

# ABOUT THE CLUB

Traralgon and Morwell Pedallers Inc.

Registered Number A0031090W

Welcome to the club, the committee and members hope that you enjoy riding with us. The aim of TRAMPS is to promote the sport of bicycle riding in both competitive and social environments and to provide facilities for the enjoyment of that sport. We also encourage members to become volunteers and to carry out fundraising for worthwhile purposes.

The support vehicle, which follows every ride, is there to carry your bag and is equipped with additional water and a first aid kit. It is also there to assist riders who have mechanical problems or are in difficulty.

When riding with the club we ask that at all times you obey the road rules and for safety purposes stay between the ride leader and the tail-end. The club reserves the right to place any rider in the support vehicle considered to be in danger or distress due to any cause and to seek medical attention if required.

If you have any suggestions for rides, club activities or comments please contact one of the following committee members:
